MASGAB · FOR PLAYERS

This is a table

One hour to speak without pressure. Here is everything you need to know.

60 min

1 Before

- You get an email with the Zoom link and the time.
- Join 5 minutes early.
- Microphone on; camera if you want.

2 During

- Up to 6 people and a Host. The Host is a guide, not a teacher: no one corrects anyone.
- You read your sentence out loud, with the translation below it.
- Your team says how it went: "Really good!", "Good improvement!" or "Let's practice really quick!". And if the table needs it, it asks "Host, help the table!".
- Helping someone else is also your turn.
- Getting it wrong costs nothing. If something is hard, the Host opens a 30-second practice.

3 After

- A 2-minute survey: "How was your table?"
- You can leave a message for your Host (without your name, unless you tick "Let them see my name").
- You choose your next table.

Be yourself, no shame: let's begin!
